

STRAWBERRY BROWSER PRIVACY POLICY

Welcome to Strawberry Browser, an AI-powered browser designed to enhance your web workflows. At Strawberry Browser ("we," "us," or "our"), we are committed to protecting your privacy and ensuring transparency about how we collect, use, and protect your information. This Privacy Policy explains our data practices in connection with your use of Strawberry Browser (the "Service"). By accessing or using the Service, you agree to this Privacy Policy.

1. Information We Collect

We collect the following types of information when you use the Service:

1.1. Account Information

When you create an account, we may collect:

- Basic account details, such as your name, email address, and profile picture (if provided).
- Credentials for third-party integrations you choose to connect (e.g., Google, GitHub).
- Subscription plan details and usage history (e.g., AI feature usage and associated costs).
- Invitation history (e.g., if you invite others to use the Service).

1.2. Usage Data

We collect data about how you interact with the Service to improve its functionality, including:

- Usage of AI features (e.g., frequency and type of AI tasks performed).
- General browsing activity metadata (e.g., timestamps, feature interactions), which does not typically include the specific content you process using the AI.
- Technical information, such as your IP address, browser type, operating system, and device information.

1.3. Local Data

Most of your browsing activity and data processed within the browser remains local to your device and is not transmitted to our servers unless necessary to provide the Service (e.g., for AI feature processing or third-party integrations).

1.4. Third-Party Authentication and Integrations

If you log in using third-party authentication services (e.g., Google, GitHub) or connect third-party tools (e.g., Google, Airtable, Notion, OpenAI, Anthropic, Gemini), we may collect limited information from those services as permitted by their terms and your privacy settings. For example, we may access your name, email address, or profile information.

1.5. Feedback and Communications

If you provide feedback, suggestions, or contact us (e.g., via hello@strawberrybrowser.com), we may collect the information you share, including your contact details and the content of your communication.

2. How We Use Your Information

We use the information we collect to:

- Provide, maintain, and improve the Service, including its AI features and integrations.
- Process your account registration, authenticate your access, and manage your subscription plan.
- Monitor and analyze usage patterns to enhance functionality and user experience.
- Facilitate third-party integrations you choose to connect.
- Respond to your inquiries, feedback, or support requests.
- Comply with legal obligations or protect our rights, property, or safety, or that of our users or others.

3. How We Share Your Information

We do not sell your personal information. We may share your information in the following circumstances:

- With Third-Party Service Providers: We may share information with trusted service providers who assist us in operating the Service (e.g., hosting, payment processing, analytics). These providers are contractually obligated to protect your information and use it only for the purposes we specify.
- With Third-Party Integrations: When you connect third-party tools or APIs (e.g., Google, Notion, OpenAI), your information may be shared with those services as necessary to enable the integration. These services have their own privacy policies, and we encourage you to review them.
- For Legal Reasons: We may disclose your information if required by law, legal process, or to protect the rights, property, or safety of Strawberry Browser, our users, or others.
- In Business Transfers: If we are involved in a merger, acquisition, or sale of assets, your information may be transferred as part of that transaction, subject to appropriate safeguards.

4. Data Storage and Security

- Local Storage: Most of your browsing activity and data processed by the Service remains on your device, reducing the amount of data stored on our servers.
- Server Storage: Account information and usage data are stored on secure servers with industry-standard security measures (e.g., encryption, access controls) to protect against unauthorized access, loss, or misuse.
- Retention: We retain your information only for as long as necessary to provide the Service, fulfill the purposes outlined in this Privacy Policy, or comply with legal obligations. When your information is no longer needed, we securely delete or anonymize it.

5. Your Choices and Rights

You have certain rights and choices regarding your information:

- **Account Management:** You can update or delete your account information by logging into your account or contacting us at hello@strawberrybrowser.com.
- **Third-Party Integrations:** You can manage or revoke access to third-party integrations through your account settings or the third-party service's platform.
- **Opt-Out:** You may opt out of certain data collection (e.g., usage analytics) where possible, though this may limit some features of the Service.
- **Data Access and Portability:** Depending on your jurisdiction, you may have the right to request access to, correction of, or deletion of your personal information, or to receive a copy of your data in a portable format. Contact us to exercise these rights.
- **Do Not Track:** The Service does not currently respond to "Do Not Track" signals, as there is no universal standard for such signals.

6. Third-Party Services

The Service integrates with various third-party tools and APIs (e.g., Google, Airtable, OpenAI). These services may collect and process your data according to their own privacy policies. We are not responsible for the data practices of these third-party services, and we encourage you to review their policies before enabling integrations.

7. International Data Transfers

If you are located outside the United States, your information may be transferred to and processed in the United States or other countries where our servers or service providers are located. We take appropriate measures to ensure that such transfers comply with applicable data protection laws (e.g., Standard Contractual Clauses for EU users).

8. Children's Privacy

The Service is not intended for use by individuals under the age of 13 (or the applicable age of consent in your jurisdiction). We do not knowingly collect personal information from children. If we learn that we have collected such information, we will take steps to delete it.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in our practices or legal requirements. We will notify you of material changes by posting the updated Privacy Policy on our website or through other reasonable means. Your continued use of the Service after the effective date of the updated Privacy Policy constitutes your acceptance of the changes.

10. Contact Us

If you have questions, concerns, or requests regarding this Privacy Policy or our data practices, please contact us at: Email: hello@strawberrybrowser.com
